Copyright © 2021 InfoSpace Holdings, LLC, a System1 company was just Time issue: Kendall Jenner is officially teaming up with Kylie Jenner, her sister's little beauty mogul, for collaborating to end all That's right, start collecting that coin and save that money because the Jenners are coming for New Year's financial resolutions, one kit on the lips. On Thursday, Kendall appeared on The Ellen DeGeneres Show, where she continued to throw it back to her cheerleading days alongside the cast of Deleagensa Netflix. It was a total surprise for the supermodel, who told DeGeneres that she was a big fan of the show and the entire cheersquad of Navarro College. But the real surprise came when Kendall revealed she was working on a makeup collection with Kylie. We're very excited, Kendall said. I haven't done one yet, I'm the last sister, or the last member of the family, I guess. Why did it take Kendall so long to get on the billion-dollar Kylie Cosmetics train? Well, it turns out that even if it's family, business issues can get sticky when you're dealing with potential conflicts of interest. I had a contract before with another makeup company, so now I'm able to do it, Kendall shared, probably alluding to her partnership with Estée Lauder, which many in the industry called buzzy, but ultimately unsuccessful. I might be wearing some of it tonight. We're really going great because I'm full of her blood. We take it seriously. Mike Coppola/MG19/Getty Images Entertainment/Getty ImagesKendall remained the mother about all the specifics around the collection, so is anyone guessing about when Kendall x Kylie Collab will officially fall. What we do know is that, like everything else this family does, their first beauty partnership will be carefully supervised. Judging by Kylie's past collections with big sister Kim Kardsashian and mother Kris Jenner, there will be puh-lenty beauty products to dare to. Kylie Jenner and her older sister, Kendall Jenner, have literally grown up in the spotlight. From a very young age, they were featured on their family hit show, Keeping Up with the Kardashians, and their wealth and fame has been growing ever since. Today, Kylie Jenner is known as the world's youngest self-made billionaire. Her older sister, Kendall Jenner, on the other hand, is currently the highest paid model in the world. They also exert an enormous amount of influence and have extraordinarily large platforms. On Instagram alone, 24-year-old Kendall Jenner has 119 million followers. Meanwhile, 22-year-old billionaire Kylie Jenner is joined by her older sister, Kim Kardashian West, with 153 million followers. The youngest members of the KarJenner clan have been in the spotlight for so long that they find it difficult to entire a time before being famous. When Keeping Up with the Kardashians started filming, Kylie Jenner was just nine years old. She has honest about the fact that the rise in the spotlight allowed her to find a way to cope with constant fame and attention. In fact, Kylie Jenner has openly shared that she feels like she too was made to be famous. Age is not the reason jenners aren't featured as much but, with all the fame and success that Kendall Jenner and Kylie Jenner have accumulated, it's still rare that they are featured on hit reality show, Keeping Up with The Kardashians. Fans have been putting as to why this is the case for some time now. For years, Diehard KarJenner fans felt that they were not featured as much as they were young and still in the process of growing up. When they grew up, the consensus was that both were too busy building their personal brands and careers to have time to delegate to the show. However, the real reason is due to something much more technical. Kim Kardashian West threatens to fire Kourtney Kardashian In the latest episode of Keeping Up with the Kardashians, Kim Kardashian West made waves threatening to fire her sister, Kourtney Kardashian, from the show. She was extremely frustrated by her older sister's refusal to commit to filming and she became honest about how it was a negative impact on her life. All the days that Kourtney doesn't shoot, Khloé and I get up and we have to share more. Because if we don't share our lives, then what's the show?, asked the owner of SKIMS. Why Kylie Jenner and Kendall Jenner aren't on the show as much This got fans wondering why it had to be Kim Kardashian West or Khloé Kardashian who took Kardashian's soft Kourtney. They wondered why Kendall Jenner or Kylie Jenner could not be featured more in place of the greatest KarJenner. This isn't shadow at all, but does Kendall and Kylie have different contracts now for KUWTK? cos [sic] Kendall rarely movies and Kylie is not presented a whole lot? KUWTK a loyal fan tweeted out. Keeping Up with the Kardashians Contracts Seeing the Tweet, Khloé Kardashian decided to clarify the old age question once and for all. Kendall and Kylie have different contracts. Kourt, Kim and I have an equal contract, the good American co-founder replied on Twitter. After seventeen seasons, we are sure that KarJenner fans are thrilled to learn that Kendall Jenner and Kylie Jenner are not presented as much as their older sisters because of different contracts. After all, the show is called Keeping Up with the Kardashians, not Keeping Up with the Jenners. But hey, I didn't rule out a spin-off.
